requests fics for me to write please i am so fried. ill be updating with fandoms im in as soon as i make a long enough list to suffice :D!

FIC REQUESTS

Author's Note:

i literally have no ideas for anything and i want to write so bad, if you're for some reason seeing this please suggest shit 2 me thank you !!

good day my beloved reader, if you've stumbled upon this and decided you don't want me dead, please continue reading further.

i want to write, but my brain wants me to suffer, please give me requests shawtys.

what i WILL write:

- fluff (fuck i love fluff)
- angst (i didnt know what 2 put in parentheses here)
- hurt/comfort or hurt/no comfort (make me suffer)
- nsfw (read what i WON'T write for restrictions)
- sad with a happy ending / happy with sad endings
- platonic dynamics (familial bonds, best friends bein best friends)
- whump (that's a funny word)
- reimaginings of scenes and shit (that sounds fun)
- playin with time periods (fuck 2021 let's go back to . when was Pong created)
- aus (what more must i say?)
- songfics (im running out of ideas but i want lots of tags so i get hits)

what i WONT write:

- UNDERAGE SHIPS, SPECIFICALLY NSFW (!!!) (WHAT IS WRONG W U IF U WANT THIS?!)
- RAPE NON-CON (pls no)
- CERTAIN KINKS (piss, shit, vomit... you know what i mean)
- "problematic ships" (i dont know how else to describe this)

- people who dont like either; 1, being shipped, or 2, being shipped with a specific person/people (what more need i say?)
- over fetishization/stereotyped nsfw (e.g., uwu bottom boy 4'0 tall x jacked top daddy alpha 9'0 tall large fucking cock)
- nsfw for straight ships (im fine with romance (for some characters), but nsfw is too far. i am so gay)
- MAKING CHARACTERS TRANS !!! (as a trans person, i hate this so fucking much. never request this)
- anything with slurs i cant reclaim (this is kind of random but i dont like using slurs i cant reclaim in writing. i can, though, reclaim: the f slur (gay slur), the t slur (transgender slur), g slur (asian slur). pogchamp.)
- necrophilia. (don't even question why this is here)
- BEASTIALITY (I FORGOT TO ADD THIS EARLIER ON. I AM TRYING 2 BE VERY THOROUGH.)
- self inserts (i am anti x reader)

i dont know what else to add for now. down here ill write the fandoms im in, do be sure to requests fandoms you're in too that i havent written, though. if i know enough about it im willing to write it.:DD!

what ill write about:

- mcyts + those friends with mcyts (dont request ones who've stated they're not comfortable with shipping: list of creators and their opinions on it in end notes)
- life is strange (1, bts, and 2)
- mystic messenger (bro i realized how little things i like and went through my earliest memories and . yeah .)
- hazbin hotel / helluva boss (haha yeah. haha. ha.)
- steven universe (im trying to think of shit i can write without getting bullied into oblivion)
- the end of the fucking world (james my beloved)
- i am not okay with this (i am so gay)
- aphmau (mystreet, pdh, diaries. u name it) - stranger things (mmmmm jonathan n will byers my beloveds <33)

i cant think of anything else to write here. just... request...

Author's Note:

for the end notes im just going to put mcyts opinions on being shipped:

dteam: all are perfectly fine with any kind of shipping. besides sapnap, he doesn't like being written abt (romantically) with badboyhalo.

happyduo: bad is fine with sfw fanfiction involving shipping, no nsfw though. skeppy hasn't said much but i won't write nsfw for him like i won't bad, for now i'll stick to the same rules that apply to bad for skeppy until we're given more to bounce off of.

sbi: disclaimer: i personally do not like techno but i am willing to write him if people so wish me too, no disrespect btw! let's start off with philza. he's fine with fanfiction as long as you don't show it to him; i'm only willing to write him as like a father figure yknow? and if anything, i'd write small romantic scenes with him and kristin! also, he doesn't like nsfw of him!! wilbur is fine with being shipped as long as the other person is too, no nsfw though. techno is not fine with shipping or nsfw of him, sfw fanfics are okay, though. finally, tommy's 17. no shipping, no nsfw, none of that. just platonic and familial dynamics :D!

awesamdude: sam has been very vague with his boundaries but he IS fine with fanfiction, no nsfw, though. the only person he's stated he's okay with being shipped with is ponk- not the person, the character. i think that should go for everybody- don't ship the people, only the characters.

jschlatt: once again, like techno, he isn't somebody i support but if need be, i will write about him. schlatt isn't fine with being shipped, so just platonic shit for him please.

quackity + karl: quackity is fine with fanfiction but he doesn't like being shipped, also keep his platonic

!! karl is fine with shipping and nsfw being made of him unless the other person in the ship isn't comfortable with it (e.g., if you wanted me to write about karl and quackity, he wouldn't like it because quackity doesn't like being shipped)

beeduo: ranboo and tubbo are both minors so no shipping. the most you'll get is canon related character romance, this being their marriage on the dsm. i won't do nsfw of them for obvious reasons. platonic and familial please.... michael is adorable

purpled: finalizing the traumatized minors, purpled. he doesn't like being shipped, duh, but he is fine with fanfiction as long as it's about his dsm character and not him as a person/cc.

punz: i want to do punz next just because i can . i dont think he's talked about fanfiction, but he has said he's fine with being sexualized (meaning nsfw is okay).

nihachu: niki is, like wilbur, fine with being shipped as long as the other person is too. she isnt fine with nsfw, though.

captainpuffy: puffy is fine w fanfiction, but not too weird. ill mostly stick to platonic stuff for her but a bit of romance is okay. she doesnt like nsfw, though.

eret: she's not my favourite cc but if you guys like him im perfectly fine with writing fanfics with them in it. they're fine with being sexualized and it can be heavily inferred that she's okay with fanfiction by thing's he's said about sexualization. they dont like shipping, though.

fundy: once again somebody i dont support but, i will still write about him. he's fine with shipping as long as people know 100% it's purely fiction and not real. on the other hand, he does not like nsfw about him.

slimecicle: charlie really hasnt said much about boundaries so take everything i say with a grain of salt. he's fine with aus and shit but i dont think shipping/nsfw is something he'll be okay with. so basically, just sfw, platonic stuff.

let me know if there's anybody really important i missed; i know some but i can't find many things talking about their boundaries, sorry! thanks for reading :D! byebye
